What is Isadora Brígido Presets?

Presets refer to pre-configured settings that can be applied to various software applications, often used in photography and design software. They allow users to achieve specific looks or effects with just a single click, saving time and effort in the editing process. These presets offer specific color treatments and effects that can be applied to photographs to achieve different looks and aesthetics.

The bundle includes a collection of preset styles, each with unique color and editing adjustments. The preset styles mentioned are POALOF, LIVERPOOL, ROSE GOLD, PARIS, SNOW, VINTAGE ONE, APPLE, SUNLIGHT, and REDL.
