Kinetic Typography With Animated Shapes VH-6552111: "Kinetic Typography With Animated Shapes" is a sleek and straightforward template designed for showcasing and presenting apps, services, careers, websites, or businesses in an easy, concise, and attractive manner. Created entirely in After Effects, this template consists of three distinct scenes, each independently usable and reorderable according to your needs.

Ideal Usage Scenarios:

- Corporate Kinetic Typography
- Promotional Campaigns
- Social Identity Branding
- Presentations
- Typography Openers

- Interactive Colors Corrector: Easily change colours with one click using the complete expression control provided in the interactive colours corrector.
- Scene Reordering: Arrange scenes as required to tailor your presentation.
- No Plugins Required: Enjoy hassle-free editing without the need for additional plugins.
- Easy Text Customization: Swiftly update text elements to suit your content.
- Well-Organized Structure: Navigate through the template effortlessly thanks to its well-organized layout.
- Comprehensive Documentation: Access helpful PDF documentation and video tutorials for seamless editing.
- Available Resolutions: Choose between HD1080 and HD720 resolutions to suit your project requirements.
- Template Length: The template lasts 1 minute and 10 seconds.
- Compatibility: Compatible with Adobe After Effects CS4 and higher versions.
