Logo Explosion - Robot Version (Videohive 15417112) - AE Project

2025-02-10 16:40:47　　label 我要反馈　　下载页面

Logo Explosion - Robot Version (Videohive 15417112):

Logo Explosion (Robot Version) is an After Effects project featuring a futuristic robot that creatively demonstrates destruction. The project includes pre-rendered 3D content and allows users to customize the robot's eye color and insert their own logo, image, or title. It is compatible with CS6 and above, offers 1920x1080 resolution, and requires no additional plugins. The package includes sound effects, is easy to customize, and comes with email support and customization services for further assistance.
