**Sea Water Logo Intro (Videohive 4761545):** This new Seawater emblem onto has been made entirely in AE CS4 along with the water decreasing with Trapcode Particular plugin. The water decreasing is based on your emblem.

- You are able to use any of your text or logo.
- You have to get a plugin Trapcode Particular.
- There are two versions of the job: together with OpticalFlares and also prerendered OpticalFlares.
- Audio FX included.
- Video tutorial is contained.
