Jessica Kettle's Set I + Set II Desktop & Mobile Presets, part of The Classic Color Preset Collection, provide a method for creating clean, beautiful edits with a timeless yet artistic aesthetic.

How to edit your images using presets with bright whites and true colors in Lightroom?

You can use "Jessica Kettle – Set I + Set II Desktop & Mobile Presets" to edit your images.

These presets feature bright whites, true-to-life colors, and Fuji film-inspired tones, ensuring stunning skin tones. The collection includes seven color presets and one black-and-white preset for mobile images, compatible with both Android and iPhone. Each preset offers subtle variations, designed to work together for a cohesive look and to address common mobile photography challenges. Additionally, a matching set is available for desktop use, featuring eight color presets and one black-and-white preset compatible with Adobe Lightroom and Adobe Camera Raw, ideal for achieving a consistent, modern-classic editing style across both DSLR and mobile photography.
