Touch Loops Illusion Funk (WAV):

LIVE 80S FUNK LOOPS

We're back with the latest pack 'Illusion Funk'. It's the brainchild of musician and producer Gabriel Quirino It's an amazing collection of the deep 80's funk.

VINTAGE HARDWARE SAMPLES

The mainstay of the pack is the breathtaking performances and recordings of Gabriel's initial guitar and hardware synth playing. Synths sampling between Juno, MonoPoly, DX7/DX11 QS6, MS2000 Rhodes, and many more, all played through stunning and unique hardware pedals and chains.

It's a collection that goes back in time to present an authentic rendition of the 80s Funk. The pack is organized in an adobe style with a complete assortment of stems and mixes from Gabriel's original compositions.

LOVINGLY CREATED...

If a scrumptious piece of the 80s is what you're seeking to liven up your music, you're at the right spot. Stunning iconic drums and a full-bodied analog synth are available. As always, it's 100 100% royalty-free!
