Color Characters 101 Fundamentals of Coloring: Step into the world of character coloring with Color Characters 101: Fundamentals of Coloring, the first part of a comprehensive 6-module course designed to elevate your skills in coloring and painting professional characters. Developed by Scott, this course is tailored for beginners and intermediate learners, providing a solid foundation and advanced techniques to master character coloring.

Course Highlights:

- **6 Modules:** Covering all aspects of character coloring and painting, this guided video course ensures a well-rounded learning experience.
- **Versatility:** Whether your goal is character concept art for films and games, illustrations, comics, manga, Disney style, or other styles, Color Characters are the key to reaching your artistic aspirations.
- **Confidence and Skill:** Gain confidence in coloring and painting characters without fear. Learn core theory, workflows, and practical applications for professional-level results.
- **Comprehensive Theory:** Built on the theory of industry giants, Color Characters offers one of the most comprehensive character coloring and painting courses available.
- **Clear Lessons:** Modular design, logical presentation, and coherent lessons make the course easy to understand and engage with. Learn at your own pace and revisit modules as needed.
- **Rewarding Assignments:** Bridging theory and practice, assignments reinforce concepts and provide a sense of accomplishment. Rapidly progress and witness the difference in your work.
- **Style Diversity:** Whether you aim to create characters for games, comics, cartoons, manga, animation, or more, Color Characters teaches fundamental skills rather than a specific method.

Embark on a journey to learn character coloring and painting with clarity, depth, and practical application. Uncover hidden aspects of the craft and progress rapidly through rewarding assignments. Let your artistic journey begin!
