TRUE ROMANCE by Muse & Mirror - LEGACY PRESETS:

The presets were designed to suit serene scenes, extravagant décor, and the loving attention to human beings. Studio and natural light are directed in a way that will create the softest highlights in perfect harmony with the intensity of shadows. Both indoor and outdoor scenes are presented in an elegant and timeless look that is reminiscent of cinematic styles in its minimalist and yet striking appearance. Always keep an eye on achieving the most stunning and pleasing skin tones that emphasize the person's beauty and style.

The TRUE ROMANCE Preset Pack is compatible with Adobe Lightroom 7.3 / Camera Raw 10.3 and subsequent versions. It also includes editing tools.
