Kelsey Freeman Photography – Studio Collection – Photoshop Actions: Achieve magazine-quality airbrushed skin effortlessly with this comprehensive studio action set. With over 100 actions tailored for studio images, whether you specialize in maternity, newborn, or product photography, these actions are designed to elevate your work. This action set offers a versatile toolkit, from retouching skin, lips, hair, and eyes to manipulating light to make your subjects stand out. Enhance your images with color and toning to evoke emotion and set the mood, bringing your studio work to the next level. These actions are compatible with Photoshop CC, but they are not compatible with older versions of PS. Elevate your studio photography today. Are you ready?
