J Series Presets - All Collection:

The J Series Preset Pack comes with a variety of unique and ageless editing tools that help improve the overall beauty and feel of your photography instantly. Each preset, from Forever to Nostalgia, captures the essence of color, contrast, and mood in a way that withstands the test of time.

Timeless, rich portrait colors are slightly warmed for improved skin tone representation. It works well for portraiture. The shadows and blacks are intensified in the Timeless Moody version, which adds a moody feeling.

Nostalgia's retro cinematic look works great for soft vintage documents. The lone photo is intentionally Moody Nostalgia shifts the focus too, further sculpting the look with heavy shadows and deepening the vintage appeal.

The J Series Preset Pack caters to all your needs, from more muscular looks to softer, nostalgic looks. It is a must-have for every content creator and photographer as it works equally well in every lighting situation and every illuminatory choice.
