Bluezone Corporation releases Tripod Invasion, a brand new sound library with 200 unique stereo drones as well as Sci-Fi sound effects. The library is produced in 24 bit 44.1 kHz audio files. These sound effects for professional use drones, mechanical textures, and drones can be used for any of the professional audio requirements. Perfect for sound design to be used in TV Big Screen and Video Game audio projects. In this brand-new downloadable sound library, you can discover high-quality underground ambiances as well as crashes and impacts. noise FX including risers, downshifters and risers, transitions, and a vast selection of alien rumbles, synthesized soundscapes, and deep organic soundscapes.

Each audio element is suitable for scoring trailers, temp tracks songs, and of course background music. As with the other Bluezone Corporation sound libraries, this one is royalty-free and doesn't require extra fees or permissions The library is 100% available for use for commercial productions. The sample pack is appropriate for styles such as Breaks, Dubstep, Ambient Psy Trance Techno Drum and Bass, and more.
