You can use "Liquid Lower Thirds for Premiere Pro."

Where can I download the product?

After subscription, You can download it for free from here.

"Liquid Lower Thirds for Premiere Pro" Samples:

With easy customization options, users can enter their desired text, adjust colours to match their branding, and seamlessly integrate the animations into their videos. The included font link ensures consistency in typography, while full-colour controls offer flexibility in design choices.

Comprehensive support is provided with a video tutorial file included, guiding users through the customization process step by step. Additionally, music links are included to enhance the overall viewing experience. Compatible with Premiere Pro 2019 and above, Liquid Lower Thirds offers versatility and convenience for creators seeking to add dynamic text animations to their video content effortlessly.
