YouTube End Screens V2 is a contemporary After Effects template. It comprises 5 end screens Which You Can use on your unboxing, vlogs, pranks, Music clips, traveling vlogs, self-improvements, how-to's, and merchandise review videos. They are so Simple to Use, just edit the text, correct the colours, drag, and fall on your brand new networking, and hit render. Impress your audience with this Skillfully designed and simplistically revived AE template. Head over to My portfolio to get More amazing AE templates. **No plugins** needed.
