**Mosaic Search Intros - AE Project VH-50990586:** Introducing Mosaic Search Intros for After Effects, featuring responsive search bar designs with self-resizing graphics, no keyframe text or click animations, and a wide range of controls. Created in 4k format but adaptable to any screen size, web, TV, or mobile aspect ratio, these intros are perfect for various social media and short-form content needs.

Ideal for quick intros and promotional videos, these search bar designs can be easily customized for any scenario requiring the simulation of online web searches or AI prompts. Similar to Google, YouTube, TikTok searches, or even generative AI, these intros are versatile and suitable for showcasing products, travel experiences, food, health and fitness, fashion, beauty, or any other type of service or business.

The search boxes and mouse clicks are responsive to the length of your text input and can be easily customized. The template includes 21 placeholders, allowing you to replace them with images or videos. The After Effects template comprises 6 mosaic intro scenes, 5 unique search bars, responsive self-resizing graphics, and zero keyframe text or click animation. Easy customization is facilitated through controls, with a video tutorial included for guidance. Compatible with After Effects CC 2022 or newer, this template requires no plugins for seamless use.
