Photo Collage Transitions For DaVinci Resolve (VH 54243613):

The transition builder effortlessly combines multiple image frames, producing a visually captivating picture montage effect that enhances videos with depth and creativity.

- **Customizable Layout:** Users can create personalized transitions by adjusting picture frames' size, rotation, and position. This responsive design feature allows flexibility in how content is displayed.
- **Title Toggle (Show/Hide):** Offers an option to add or remove titles/captions to highlight essential details or customize transitions, enhancing the visual appeal of the video.
- **Full Compatibility:** Works seamlessly with DaVinci Resolve 18 or newer versions, whether users are on the free or studio versions of the software, ensuring broad accessibility.

These features make it a user-friendly tool for video editors looking to personalize their transitions or layouts in Resolve.
