- Action generates an organized layer/folder arrangement with titles And colors.
- Please Make Certain You use the English version of Photoshop through Actions work.
- The activity operates on Photoshop CS6 (2012) and newer variants.
- The Action demands an active Oil paint filter. (information below)
- The activity works with each image resolution. Use high-quality Graphics to get the best results.

Merchandise contains:

- Back to the 90s - Mint Actions.atn document
- Back to the 90s patterns.pat document
- Back to the 90s brushes.abr document
- Back into the 90s aid file.txt document

This activity necessitates Oil paint filter on your Photoshop variant! This filter has to be active and operate correctly.

When Oil Paint is grayed out on your PS model (not busy), attempt These measures:

- Be sure Photoshop is up-to-date
- Be certain your record is RGB. Oil Paint will not function on Color spaces aside from RGB (e.g. CMYK, Lab, etc.)
- If you are on Windows, be sure that you're conducting a 64-bit OS Using the 64-bit version of Photoshop. OpenCL Demands 64-bit
- Be sure Use Graphics Processor is assessed under Preferences Performance
- Be sure Your video card driver is Current with the Newest in the vendor site.

Notice: If your video card Doesn't encourage OpenCL v1.1 or high, You might have to obtain an updated video card that supports OpenCL v1.1 or Higher to obtain access to this Oil Paint filter.

Information On your graphics card is located in Photoshop's Support System Info conversation.
