What's this course all about?

We love logo animation since it's very entertaining. It's the perfect opportunity to explore your own ideas, and test new techniques and methods, and it's a great way to get the attention of the public and potential customers to you (yep it really does work).

Logo animation has a minimal cost for an error. If something is wrong, you're able to make changes quickly and quickly. This gives you complete freedom and lets you learn how to do something completely new. This is the reason we created this course. It's filled with experiments, lifehacks, and tricks, cheating on a workflow analyzing other people's work, and having a lot of fun.

Included files
