

### NARCOS – Cinematic Lightroom Presets By Lightgram (lrtemplate)

2025-02-10 16:39:47    label 我要反馈    下载页面

This collection of 10 Lightroom presets was inspired by Lula Carvalho, the legendary Director of Photography behind Netflix's "Narcos." These presets were carefully created to mimic the effects of cinematic effects in movies and cinema.

Our presets are all 100% non-destructive, so you can quickly reset the image to its original state. This will keep your original Raw image safe.

All of these work with photos regardless of the lighting.
