

## Meridian – Benj Haisch’s Cascade Presets

2025-02-10 17:15:29   [label](#)   [我要反馈](#)   [下载页面](#)

**Meridian – Benj Haisch’s Cascade Presets:** I've designed these presets for wedding photographers to assist me in navigating the wedding day. I could never click a preset and get it to look exactly as I envisioned it, so I designed a collection of presets for how I would like my photos to appear and feel. If you decide to use them as they are or create your unique spin upon them, I'm sure that they'll provide an excellent place to start, especially if you come across tricky lighting. I want them to be helpful to you. If something seems off, let me know so that I can assist. These have been extremely useful for me and huge time-savers, and I'm sure they will be able to do the same for you.

## Gfx plugin details of Meridian – Benj Haisch’s Cascade Presets

The product is in the **Lightroom category**, for more information about this post you can click on the home page link in the sidebar.
