Gumroad - Makenowthinker - Fillthy PS Plug-in:

The described features enhance efficiency and creativity in digital design tools:

- **Auto Fill for Lasso and Marquee Tools**: Automatically fills selected shapes with the foreground color when toggled on.
- **Shifting Hues**: Allows users to dynamically adjust the hue by a set amount while painting, supporting tools like Brush, Lasso, Marquee, Line, and Shape (pixel mode).
- **Luminance Lock**: Locks the luminance of the current foreground color, ensuring consistent value in future selections and enabling controlled color variation.

These features streamline workflows, maintain value control, and save time in design projects.
