

SoundMorph – Sinematic- Neon Expansion

2025-02-10 17:08:58 label 我要反馈 下载页面

Futuristic. Synthetic. Visceral Cinematic Sound.

If you're in search of an innovative and unique set of cinematic sound effects for your productions, Sinematic Neon Expansion brings the distinctive style you've always wanted. Following in the footsteps of our highly acclaimed Sinematic series the Neon Expansion pack focuses on modern cinematic sounds that incorporate elements of synthesized and cyber-based impacts biotech, static glitched impacts, mechanical mechanism organic slams, electronic punches. The focus was on creating cinematic soundscapes that would be utilized in the most modern contemporary cinematic productions. Enhance your workflow through the addition of Sinematic: Neon Extension to your library.
