To search for similar products to Aescripts GifGun,

Does this product work on Windows and Mac OS? We mostly include the operating system in the title. If it is not written, it will work on Windows, and you can for the Mac version.

Great to learn

Once You increase, glFs often have a large Length, resolution, or color count (in any combination). We have added the Compression attribute to Assist You to keep the dimensions reduced,

The GIF color palette is restricted to 256 colors for the Whole Cartoon, the lesser your result caliber. That is why we introduced the Render feature that will assist you in getting the greatest quality. Jam is helped by it more at the expense of the file size.

We place Plenty of effort into creating this GifGun, a One-Click instrument that is real, and expect it will be loved by you as far as we can.

- **Rendering using Alpha station:** The sole one-click Method to get a GIF using the Alpha station.
- **Batch Render:** Select multiple compositions in the Job panel and find all GIFs in a single click.
- **GIF compression:** Get a better record size using GIF compression. (Saves 15 percent normally.)
- **Super GIF characteristic:** New for 1.7, Experimental The motor Permits You to render gradients and Intricate scenes with hardly any Detail reduction. In the Purchase Price of file size
