The **Unity Asset - Medieval Castle Modular Pack** kit is ideal for constructing various Medieval castles.

How to use templates to design your project?

You can use "Unity Asset - Medieval Castle Modular Pack" to design your project.

It includes a variety of components such as walls, beams, fences, doors, columns, corners, rocks, stairs, a water well, barrels, and boxes. The material of the walls can be easily changed for different appearances.

Textures are available in .targa and PNG formats with resolutions of 1024, 2048, and 4096. The polycount ranges from 12 to 22,000 triangles across 159 unique FBX models, each with its own prefab. The package also includes two scenes: castle and prefabs.
