Dispersion Portrait Photoshop Action CM - 7239246: This application is designed to transform your images into the genuine Dispersion Portrait look. With this professional-looking program, you can transform your images which are mundane into stunning photographs. Easy to alter, with no destructive effects. With this program, there are 10 different colors to pick from when you're not looking up at your eyes.

The action was tested and works in Photoshop The action works in Photoshop Version CC2020 English Version. Versions that work with the Adobe CC 2020 software are Adobe CC Up to the Latest English Version.

Most important instruction:

(1) First step opening an image inside Photoshop. Then, expand the space around the image to achieve the most effective outcomes. Choose the background image you would like to use, and select the crop tool from the toolbar. Then, expand it to all sides. Now, you must resize your image. To change the size of your image, simply select the crop tool. The menu is on the right. You will see three W x H Reso boxes. Enter W3000px. H 2000px and Resolution 72. Enter.

(2) Open your photo and create a new layer. Change the name of the layer into "paint" (in lowercase). Choose a paintbrush to draw your image. Make sure you close the "paint" layer eye and continue to choose the "paint" layer Then click play action.
