This Package includes 28 Background presets Made for Use in Lightroom using RAW picture files. (if you take cellular or jpg check out my Mobile bundle!) . Everything from the new Earthy backpack package PLUS cinematic Presets that offer:

- more powerful pops of comparison, 4 submerged options, dreamy Movie seems, and my hottest Desert Skin preset which has been a crowd favorite. All these are the most-used editing fashions I've curated in the previous four decades.

Do not forget to #chelseakauaipresets to get Features, giveaways, so I can say hello!
