

Texturize (JPG, ATN, PDF)

2025-02-10 16:59:12 label 我要反馈 下载页面

Texture in a photograph can enhance the mood and tones of the photo and add a different dimension to your ordinary-looking photo. UA Texturize gives you 32 customized high-resolution textures that can be applied to your photos using our Texturize feature.

Texturize helps you load one of our customized texturing files (or one that you already have) onto your image. which allows you to adjust the size of your image and remove any unwanted texture while conserving the gorgeous tones that the texture has added. This results in a seamless image that you can have complete control over. Texturize makes this a breeze.

- It is compatible with Adobe Photoshop
