Domestika – Ghost Light: Lighting Technique and Color Treatment: Unlock the secrets of creative portrait photography with renowned photographer Ibai Acevedo in our online course, where you'll learn to master unconventional lighting techniques to capture evocative and dreamlike portraits.

With Ibai's expert guidance, you'll explore the fascinating world of portrait photography, delving into his unique approach to experimentation and conveying emotions through imagery. Through step-by-step instruction, you'll discover how to create stunning portraits using the ghost-light technique, a creative lighting method with endless possibilities.

In this course, you'll learn:

- The creative process behind portrait photography, from conceptualization to execution.
- Techniques for using unconventional lighting to add depth and emotion to your portraits.
- Ibai's retouching methodology for achieving a dreamlike aesthetic in post-production.
- How to apply these techniques to create your unique style and aesthetic.

The final project for this course is to create a portrait using the ghost-light technique. While Ibai provides detailed instructions on his process, you're encouraged to adapt and personalize the methods to suit your creative vision and resources.

By the end of this course, you'll have the skills and knowledge to create captivating portraits that blur the lines between reality and fiction, leaving a lasting impression on viewers. Join us to unlock your creative potential and elevate your portrait photography to new heights.
