Gfx plugin details of Mastin Labs – Ilford Original v3 Presets for Ps and Lr

The product is in **Lightroom category** , for more information about this post you can click on the home page link in the sidebar.

With the simplified Mastin 3-Step Workflow(TM) and complete support from our team, you are able to stop the endless hours of editing and focus on your passions.

- **AUTO BALANCE WHITE:** Sometimes your camera does it wrong. Start with a base point to achieve real-to-life colors.
- **LANE CORRECTION:** Repair vignetting distortion and color distortion, reduce color fringing, and eliminate chromatic aberration to instantly enhance every image.
- **AUTO TRANSFORM:** Are you fed up with the look of buildings that aren't straight? Make your photos more attractive by correcting horizontal and vertical lines.
- **ORANGE REDUCTIONS:** A lifesaver to mixed light and extra warm sunsets or spray-tan tans that will not quit.
- **PROFILES FOR TONE:** Based on the original tone profiles of The Fuji Frontier film scanner, these profiles correct contrast while keeping the aesthetics of the film.
- **GRAIN:** Our presets are grain-free and you are able to complete your look using medium- or 35mm grain.

Product Requirements

- **An Adobe Creative Cloud account is required to use our products.** The minimum software versions below are required to use this preset pack.
