Aescripts Guides v1.1

2025-02-10 16:37:32　　label 我要反馈　　下载页面

The Aescripts Guides v1.1 introduces a comprehensive script for After Effects users, optimizing guide management within the application.

How to use the tools to copy/paste guides, move, and rotate efficiently to create a project?

You can design your project from "Aescripts Guides".

Compatible with After Effects CC2019 and later versions, this tool offers advanced functionalities such as copying/pasting guides, efficient movement and rotation, and saving configurations for future use or collaboration.

Key features include managing guide states, clear guides, adding guides with precision, and wrapping guides around edges. With the Guides script, users can enhance workflow efficiency, maintain consistency, and achieve precision in designs effortlessly.
