After Effects　　Project

1.
2.

The Big Typo Parallax Presentation Builder offers a range of user-friendly features, including easy editing and customization, step-by-step video tutorials, and a simple drag-and-drop interface for footage, text editing, and rendering. It supports Full HD resolution and requires no additional plugins.

How can users design their project in After Effects by editing text and easily customizing it?

They can use "Cinematic Excellence: 30 Pro-Grade Wedding LUTs for Videographers" to design their project.

Compatible with After Effects CS5, CS5.5, CS6, or CC, it also includes free fonts in the documentation. Note that the footage used in the preview is not included in the project.

Package information

This After Effects project, last updated on November 23, 2016, and published on March 26, 2016, is compatible with CS5 and includes Universal Expressions. It features a resolution of 1920x1080 and comes with After Effects project files for easy customization.
