**Aescripts Voronoi Shatter v3:** Voronoi Shatter is a tool that generates Voronoi masks or shape layers on selected layers, allowing users to create patterns with customizable shapes.

- **Voronoi Pattern:** Users can specify the number of pieces or use an AV layer as a brightness map, arranging pieces according to pixel brightness.
- **Other Patterns:** It supports additional patterns like square, triangle, horizontal, and vertical lines. Users can adjust piece size and add randomness.
- **Shape Clip:** Masks from layers can be used as outer edges for pieces.
- **Shape Output:** Pieces can be exported as either layer masks or shape layers.
