Blender Market - Onedeck:

OneDeck is a Blender add-on tailored for environment artists, offering a unified search menu for streamlined workflow optimization. With a single hotkey, users can access tools and controls instantly, eliminating the need to navigate through multiple menus. Designed by an experienced environment artist, OneDeck provides unparalleled speed, organization, and control for tasks like adjusting lights, arrays, and scattering. Continuously evolving based on user feedback, ensures a dynamic, community-driven solution for efficient scene management and creation.
