The New Epic (Videohive 311257) - AE Project: This is my latest AF CS4 project titled The New Epic. The project is simple, elegant, and editable to the max. There are a variety of text holders that feature your logo. Within the download, you'll find the help document that will show you how to alter everything in the template.

Optical Flares is Pre-rendered, however, I also provide the original file, which includes an Optical Flares plugin. Optical Flares.
