The **Photo Slideshow** is compatible with Adobe After Effects CC (2019) and later versions, requires no additional plugins, and supports FHD (1920×1080) resolution at 30 fps.

How to design your project as a slideshow?

You can use "Photo Slideshow" to design your project in After Effects.

Featuring universal expressions for all After Effects languages, it is highly customizable and user-friendly. The project has a duration of 2 minutes and 15 seconds, encompassing 17 unique scenes, 17 text placeholders, and 77 media placeholders. It includes a control layer for easy adjustment of all settings, including colors. The package offers 24/7 free support, comes with a detailed PDF help file, and uses free fonts. Note that music, images, and videos are not included.

Package information

The project was last updated and published on February 22, 2024, is compatible with Adobe After Effects CC and includes After Effects project files.
