**Unreal engine - Nova Space Burgers / Cyberpunk Abandoned Restaurant / Space Bar + ULAT v5.3:** Introducing Nova Space Burgers, a Cyberpunk Abandoned Restaurant/Bar environment pack featuring high-quality assets meticulously crafted with custom and original concepts in 3D. This product also includes ULAT (Ultimate Level Art Tool), a modular design development tool initially priced at \$100, allowing for the fast creation of custom modular buildings and natural scene population.

- Great attention to detail with unique concepts showcased on the map.
- Game-ready and optimized assets for seamless integration into your projects.
- Controllable parameters in Material Instances for easy customization.
- Includes 196 unique meshes and 222 materials and material instances.
- Custom-made collision in Unreal Engine for accurate interactions.
- Up to 4 LODs for optimized performance.
- Features 250 textures with resolutions ranging from 1K to 2K.
- Compatible with Windows and Mac development platforms.
