4K Video Downloader Plus Pro v1.10.5.0171 (Win, Mac-v1.10.5):

4K Video Downloader is a cross-platform application designed for quickly downloading high-quality videos from various websites, including YouTube, Vimeo, TikTok, and more. It allows users to save videos, audio tracks, and subtitles effortlessly, with support for multiple languages and formats.

- **Protected Content Access:** Download private videos from platforms like YouTube and Facebook.
- **Smart Mode:** Set preferences for quality and format once to streamline future downloads.
- **Android Compatibility:** Download media directly to smartphones.
- **Built-In Browser:** Search and download content without leaving the app.
- **Proxy Connection:** Access restricted content through an in-app proxy.
- **Subscription for Auto-Download:** Automatically download new videos from subscribed channels or playlists.
- **Support for 3D and 360° Videos:** Download immersive video formats.
- **Download Management:** Organize and track downloads easily.

Overall, 4K Video Downloader offers a comprehensive solution for managing and enjoying multimedia content across devices.
