Multiton Bits Indie Guitars Drums: "Indie Guitars Drums" presents the finest elements from our recording sessions with Berlin-based guitarist Boti Ikvai-Szabó (known for his work with The Ruffcats, Max Herre, Megaloh). This collection is complemented by select, impactful samples from both acoustic and electric drum sets. Drawing inspiration from the indie rock of the past two decades, this release offers a concise selection of inspiring starters and versatile one-shots.

All recordings were captured through our high-quality Metric Halo preamps, with Boti utilizing his Gibson and an array of pedals from his custom effects board to produce a blend of fresh and classic sounds. Whether you seek inspiration or a foundation for your track, we're confident you'll discover gold within. The versatility of these files transcends genre boundaries, limited only by your imagination. Happy digging!

Product includes

- Live Guitars, Drums
- BPM Range: 80-146
- Audio Resolution: 24 Bit / 44.1 kHz

Requirements: For WAV files, you'll need 24-bit WAV-compatible software, which is essentially any audio or video editing software.
