LLFx – Meg Loeks Fog Set uses unique technology to convert optically captured fog and smoke into Lightroom and Photoshop. This bridges the gap between photo software and reality. You can make your images stand out by adding a little extra flair to make them unique.

Choose from a variety of fog presets to enhance your images' depth and layers. This set includes 20 brush presets, which were taken by Meg Loeks.

What's Included?

The LLFx presets we offer are completely different from anything else. This set includes 20 unique fog brush presets.

What SOFTWARE do I need to use?

Creative Fog Presets are compatible with Lightroom Classic 7.5 or higher, Camera RAW 10.5 and higher. Before you buy, please verify your version number.

How do I install the PRESETS?

If you have an account on Meridian, you can use our installer software. You can also use the installation guide provided in your download if you are a guest.
