Cinematic LUTs Vol.1 (Videohive 35150050) - PR Project

2025-02-10 17:10:13　　label 我要反馈　　下载页面

Utilizing these expert LUTs you can transform your videos to look like the top movies we all enjoy and love. The color presets package is easy to use and with only two clicks you'll witness the stunning results on your videos. It is possible to use these color presets for any type of camera and software that can support LUTs or cubes. The color presets are created professionally, side-by-side with the films and the stunning result will surprise you. Go ahead and color-grade your videos using these stunning color presets to enhance any type of video including music videos, footage, Indie movies, YouTube videos, and many other videos...
