Creating Your Own Themed Stickers!: In this course, I'll teach you how to make your illustrations without particular skills. I'll walk students through every step of the process, from deciding on the idea behind your sticker set and choosing the ideal color palette to the technical details, including how to design your stickers for printing or digital usage, such as, Instagram stories.

- Intro
- Brainstorming ideas
- Ideas to sketch
- Selecting a color palette
- The inclusion of color
- Exporting files
- Outro
