Brianna Graham: The Complete Collection: The set of actions goes together with The Urban Collection, which includes 62 actions. Perfect Workflow was created to make it easier for editors to complete tasks. With a wide range of enhancing and retouching actions available, it is possible to complete important workflow-related tasks, like refining and retouching your images, color correcting, increasing intensity, contrast sharpening & define, and more! This powerful suite of actions will allow you to get a professional-looking portrait quickly, allowing you to create stunning photos in less than the time required for manual editing! Suppose you want to retouch your subject's face, skin, eyes, clothes, and accessories or improve your photos overall. In that case, the Perfect Workflow application will always ensure that your work stands above the rest. The collection is strong enough to be used by itself or with any of our collections, including action! Check out our video library to find the most compelling demonstrations of the potential of Perfect Workflow!
