Thug Boss' voice profile is a great choice. Thug Boss's voice is powerful, deep, warm, and rich, with a distinct Voka-inducing vocal performance. This voice profile is ideal for mob leaders, hitman criminals, gangsters, in-game non-player characters, or game antagonists requiring dialect aesthetics. The character's voice is ready for your game in the same way and is in a clear audio format should you decide to enhance it by adding your effects to the vocals and processing.

UCS Compliant

Labeling all sound effects is UCS-conforming and is arranged into categories that make it easy to find the appropriate sound effects. With over 370 voice-over audio tracks and 143 dialogue lines, you can customize like "For The Motherland, Yuri Fetch Me The Vodka, & Run Little Rabbit Run." This pack has numerous options to help your game characters live up to their potential.

AAA Game Character Thug Boss voice-over sound effects aren't just packed in high-quality voice recording; it also has thought-out, coherent written dialogue and vocalizations that create exciting western tales, Game trailers, game characters, dramatic scenes, and much more.
