Ideal for Lifestyle, travel, and fashion photography. It is also great for food and city photography. I would recommend shooting in natural light during overcast days or during the morning or late evening golden hours. Additionally, the presets are most effective for photos that have a slight underexposed.

The perfect choice for social media lovers and content creators, sellers of an online store blogger, Etsy seller web designer or hobby photographer, imaginative entrepreneurs, or any other photo user who requires a speedy editing tool to give their images a consistent, brand-named style and appearance.

Please take note

- Each preset has been tested with various images. But, the presets perform differently for each image due to the different exposure and white balance, and consequently white balance and exposure frequently require adjustment. If you require any assistance or have questions about any other adjustments, please be in touch with me.
- If you wish, feel at ease to send me photos to play around with the different presets before you purchase.
- If you are having trouble downloading the presets, inform me and I'll forward the files via email within 48 hours.
- The LIGHTROOM MOBILE PRESET collection was specifically designed to work with Adobe's FREE Lightroom CC mobile app. It doesn't require a paid Lightroom subscription to use it. Mobile Presets let you modify your photos using your smartphone. My MOBILE and DESKTOP presets are perfect for and built to work best with jpeg formats.

Requirements

- Only compatible with Lightroom CC mobile app. It is possible to get a "Lightroom CC" mobile for absolutely free and don't require an annual subscription to utilize it.
