

Summerana: Fairy Brushes and actions

2025-02-10 17:15:44 label 我要反馈 下载页面

Make fun and simple fairy-dust composites with clients using fairy dust brushes as well as Photoshop actions

Make fairy dust additions to your photos with the flick of a brush. Add an extra touch of magic using the actions included.

In this collection are the following:

- Fairy Dust Brush
- An easy and quick Fairy Dust layer brush applicator action
- 11 total editing actions, which include actions like Dark Magic, Intense Magic, Change Fairy Dust Color Cold, Warm Down Further Color, Bright Magic, etc. to customize your image and the actual fairy dust. Photoshop aids tool actions, including sharpening and resizing for web use and much more to speed up your workflow.

Note The following before and after images could have been edited with different Summerana products or by hand. Only the images above are included in this package.

Note: Some composite before and after images may have been further edited using other Summerana products, hand edits, or other elements from other vendors/photographers. Only these products are included in this package.

The images of display products are the property of Shannon Squires Photography TNMK Photo, Amanda Lebeau Photographie Crystal Gayle Photography Traci Nieto Photography, and Stephanie Ratto Photography
