

Keyleigh June – Clean Portrait Tones – Lightroom CC Presets

2025-02-10 17:06:28 [label](#) [我要反馈](#) [下载页面](#)

This set contains Ten Lightroom Presets, they have been created primarily for skin color grading using an ethereal tint. They are ideal to create simple-styled images. They come in 10 tones; Bright & neutral, bright & cool, bright & desaturated, bright & warm, cool, dark & desaturated, dark & cool, dark & warm, neutral, warm.

These presets were developed to be used on portraits in studios The tones are delicate and have a slight color tint. They were designed to increase the clarity of skin tones without altering them to create a very artificial color.

My presets work with the Lightroom desktop version. Lightroom desktop version for both Windows and Mac OS. Following a purchase, you'll automatically be sent the downloading link to download within the next 24 hours.

Disclaimer: Please keep in mind that all my images have various lighting, tones, and colors from your own, which means the presets may differ from one image to the next. The presets I've created are able that can be modified and therefore, take a look at my how-to video, where I show how you can modify the presets to fit your own photos along with how you install them.

TO INSTALL PRESETS (WINDOWS & MAC):

1. Right-click the file, and then extract (extract the entire file).
2. Start Lightroom and locate the Presets box on the sidebar.
3. Select the + (+) icon, then select "Import presets" from the drop-down menu.
4. Choose the XMP presets you downloaded and click 'import'.'
5. Done!

If you're still struggling to install presets, you can follow the tutorial video linked above.

Important: The presets have been tested and implemented to test the functionality of Lightroom CC 8.3.1 These Lightroom Presets will most likely not work with earlier versions, as the previous Lightroom Preset files are no longer available. They will be XMP files and will need to have to be downloaded in a distinct method as compared to an earlier version of Lightroom.
