**Mariussilaghi – Unwrap Pro 1.04 for 3ds max 9 – 2022:** Unwrap Guru is a 3ds Max plugin that unwraps meshes while Generating low distortion, overlap free, weighted density UVs, unlike the 3ds Max Peel control which generates overlapping UVs with higher area distortion.

- It's extremely quickly (a 1 million Valve net was unwrapped in 23 seconds). It's simple to use (simply pick a few UVs and hold down a button).
- Unwrap Guru won't include seams or package UVs for you.
- Listed below are a few of the benefits you gain:
- Save energy and time when unwrapping Meshes by not needing to be concerned about twisted or overlapping UVs.
- Utilize vertex colors or gentle choices to Raise the pixel density of significant capabilities.
- You do not need to edit or pin UVs to make fantastic results.
- Quick top-quality UVs in a button press.
- Situations where you'd wish to utilize Unwrap Guru:
- When You Would like to have equivalent pixel Density to your own textures.
- If You Don't Need to manually edit UVs.
- When You Would like to have less or more pixel Density in some places.
- If you need quality and fast UVs.
- If You Don't Need to manually untangle UVs.

### Compatibility

Unwrap Guru functions with 3ds Max
