Description

This course is designed for people who are just beginning to learn how to create and sell NFTs on the internet. In this class, I'll instruct you on how to create NFT using Canva (A Free Graphic Design Software) and how to publish the NFTs on the most popular NFT marketplaces on the internet, **without any gas costs**.

Additionally, learn how to make an account and link it to the NFT platform online. How to create your own NFT on the two most popular networks for NFT for **absolutely free** without paying any gas fees. Here's the course material.
