#### Moody Matte VSCO Film Cinema Presets (Mob, Desk):

Dark Moods /Premium Lightroom Presets from CT

Desktop + Mobile Bundle

A customized set of film-inspired presets influenced by moody, de-saturated colors for the photographer who is adventurous. This pack offers a range of neutral, cool, and warm tones to allow for an array of different editing techniques. The presets feature matte blacks with creamy textures as well as soft whites. These presets are flexible and easy to use. install, and are great for all kinds of photography!

- Twelve Lightroom Desktop Presets (.ltemplate)
- Twelve Lightroom Desktop Presets (.xmp)
- Twelve Lightroom Mobile presets (.dng)
- 45 Adjustment Setup Tool Kit (includes 20 values for exposure, five sharpening settings, 4 grain presets, four vibrance adjustments 3 saturation adjustments 3 white balance custom presets 2 vignetting settings, 2 noise reduction presets and 1 reset grain preset and one reset of all presets)
- Step-by-Step PDF Install Guide
- Mobile Video Tutorial
- Instant Download

#### Notes:

1. After you purchase, you will receive the ZIP file to use on your desktop and a PDF file with the download link to mobile access.
2. The presets were created without white balance or exposure adjustments, so you might need to alter these manually because each image is different.
