There are 10 presets that can be used outdoors and indoors. We have taken great care to ensure that all presets work together and you can edit your wedding in the same way. Our presets save you a lot of time and provide a consistent look that is easy to recognize. You can combine the presets with 50+ tool kit presets to make your result more flexible and personal. You can combine presets with kit presets to create a modular system that is similar to a modular one. This has never been possible before!

Emotive Colors and Moody Tones for the Wildly Romantic. These presets are stunning in quality and extremely versatile for wedding lightrooms.

You have two options to more closely emulate film with the integrated alternatives: Fade and Film Grain. A detailed User Guide will be sent to you, which includes information about how to install and use your presets. It also contains important licensing materials.
