Funny Geometry Lower Thirds is a vibrant and playful video template designed to add color and character to any footage.

How to use templates to design animated project titles in After Effect?

You can use "Funny Geometry Lower Thirds for Premiere Pro" to design your project.

It features a range of animated titles with customizable colors and editable text, making it perfect for social media clips, dynamic presentations, and content needing humor and style. Ideal for YouTube channels and video blogs, these lower thirds enhance videos with bright, comic-style animations and trendy geometric shapes. The project includes colorful text animations, full-color controls, a font link, and video help, and is compatible with Premiere Pro 2021 and above.

Package information

Updated and published on June 3, 2024, this package includes Motion Graphics Template Files compatible with Premiere Pro CC and After Effects CC, featuring 17 text placeholders.
